

# Andean Condor Baby Album

My older brother Kendall

My daddy Rhodan

My mommy Lianni

My brother Kendall is in South America. When I am old enough, I get to go there too. I can't wait to see him!

This is me! Aren't I cute?

I was hatched on June 28th at the National Aviary. The children of Pittsburgh all helped to name me. That was so nice of them!

Dr. Fish takes good care of me. She makes sure that I'm healthy, so that I can grow up fast!
